# Helpful Hints during Elevado Road Work

---

As paving approaches, there are several things you can do (and a few you can avoid) to ensure that both you and your neighbors have a great experience.

## DO:

- ✓ Look For Email Updates On Work Schedule, EDCO Pickup, etc.
- ✓ Expect delays during road work. Plan your commute accordingly.
- ✓ Minimize travel. One lane will be open, but you can expect delays.
- ✓ Plan a week-long trip.

## DO NOT:

- ✓ Ask the road workers for information or updates.
- ✓ Call Joe's Paving.
- ✓ Drive On Newly Installed Asphalt!

## STAY UPDATED:
