... with a Guarantee!

Dear Friends of Elevado Road,

Joe's Paving will begin the much-anticipated road repair work on Monday, April 23<sup>rd</sup>, 2018.

This notice is to provide a general schedule of work, and to provide general information regarding how the project will proceed and what to expect:

- During all paving work, one lane of traffic will remain open at all times to allow through traffic to pass. We will have traffic control including flagmen that will be directing traffic to one side of the road during the project, and then allowing the other side of traffic to pass on the open lane. Please be conscience of all workers wearing orange vests, and drive more slowly and cautiously than normal, as speed in construction zones greatly reduces reaction time should you need to stop to avoid hitting our equipment or more importantly our crew members. ***Please take note the schedule below is as accurate as we can make it as of this writing, and is only a guideline provided to homeowners to help them plan their travel up and down Elevado Road more effectively.*** Please give yourself more time than normal to get to work, appointments, or Susie's soccer practice, as the rate of travel will most certainly be impacted and slower than normal in and out.

#### Monday, April 23<sup>rd</sup>:

The project will start on Monday morning of the 23<sup>rd</sup>, with crews and equipment mobilizing at approximately 7:30-8:00am, and will begin working at Flametree Road, and then proceeding out towards Corre Camino, then La Loma Serena, and then past Subida Al Cielo, past Via Del Prado, past Camino Cantera, to finish at Pleasant Heights Drive.

#### Tuesday, April 24<sup>th</sup>:

The work will continue at Pleasant Hills Drive and continue to the beginning of the project at Vista Grande Drive. The crews will then head back to the end of Elevado and begin the 2<sup>nd</sup> half of paving on the other side at Flametree Road. As the crew works past La Loma Serena, then Subida Al Cielo, past Via Del Prado until reaching Camino Cantera where work should conclude for the day.

#### Wednesday, April 25<sup>th</sup>:

The work will continue beginning at Camino Cantera past Pleasant Heights Drive, past Wonderview, on past Aloha to finish at Vista Grande Drive. This day is more of a final paving day, and clean up day as needed, but please be aware this last section of paving on ½ the road will be a very busy area due to the large sections of repair, and sheer volume of traffic that enters Elevado from the starting point at Vista Grande Drive.

#### Thursday April 26<sup>th</sup>:

This day should be a clean up day, a day to pick up cones and caution tape, and start to move any remaining construction equipment off the job. There may be some stray cones, or even a piece of equipment or spoils of asphalt left on the sides of the road, so please still be cautious when entering or exiting Elevado.

## Paving Schedule

- Monday April 23<sup>rd</sup>
- Tuesday April 24<sup>th</sup>
- Wednesday April 24<sup>th</sup>
